

MASTER CHOA KOK SUI

PRANIC PSYCHOTHERAPY

Pranic Psychotherapy teaches the enhancement of the psychological functions of the Energy Centers and the application of Advanced Pranic Healing techniques in the alleviation and treatment of physical, emotional, mental and psychological disorders in a simple, easy-to-follow format.

What you will learn in this workshop:

- Principles and methods to identify, cleanse, disintegrate, and transform psychic energies and influences in the energy field that cause stress, anxiety, grief, phobias, compulsions, obsessions, depression, violent and paranoid behavior, and hallucinations
- Techniques to treat sexual problems and “spiritual possessions”
- Procedures to stop smoking, alcoholism, and drug abuse
- Techniques to repair holes, cracks, and other damages to the energy body
- Chakral and aural shields
- Decontamination techniques for healers, clients, objects and environment
- Techniques to use for Death and Dying
- Relationship Healing
